Use two different color markers or colored pencils. In one color, write a row of uppercase letters, then, in the other color, write the lowercase letters on top of the uppercase letters. Say the letter sounds as you write them.

Write a lowercase ‘b’, then make ‘b’ grow up to be like “big” ‘B’ by adding the top curve.

Baby ‘b’ fits inside mommy B’s tummy.

Baby ‘d’ rides on daddy D’s back.
